

Pilot Performed Maintenance

Do you, as a pilot, perform maintenance on your aircraft? If so, are you aware of just what you can and can't do? This class is a review of the requirements in FAR Part 91 & 43. Our speaker, Dave Pepple, is a FAA Aviation Safety Inspector, an aviation maintenance technician with Inspection Authorization, and an aircraft owner.

Come learn from a pro. Click on the link below and register TODAY.

Directions: Take US Rte 1 to Cook's Corner exit in Brunswick. At the traffic lights, take a right onto Bath Rd. At the 2nd set of traffic lights, take a left onto Admiral Fitch Ave and enter Brunswick Executive Airport. Go to stop sign and take a left onto Pegasus St. Go to stop sign and take a right on Burbank Ave. Take first left on to Venture Ave.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
